As an account operator, the Bank is entitled to receive information on the book-entry account and to adjust the entries made to book-entry register. 3.2 Other measures

Unless separately agreed in writing sufficiently in advance, the Bank is not obliged to take measures in addition to those specified above.

3.3 Sub-custody

In safekeeping the Customer's Securities, the Bank may engage other domestic or foreign credit institutions, custodians or other partners as so-called sub-custodians. The Bank shall appoint a sub-custodian with due care. The Customer's Securities are not necessarily kept at the sub-custodian in the name of the Customer, but the Bank may act as a joint custodian, in which case the Bank shall keep record of the ownership of the Securities. The Customer is aware of the legal risks involved in such procedure and accepts them.

3.4 Inspection

In order to inspect the Securities and arrange their safekeeping, the Bank shall reserve a period of five (5) banking days starting from the receipt of the Securities, during which period the Bank shall only be responsible for the secure safekeeping of the Securities.

3.7 Collateral

The Securities, book-entries and cash funds of the Customer in custody of the Bank are pledged under this Agreement for the fees and expenses owing to SEB and claims resulting from the orders of the Customer. Such right also applies to shares and other Securities registered on the Customer's book-entry account, in respect of which SEB is entitled to register the pledge pursuant to the Finnish Act on the Book-Entry Accounts (827/1991). Upon enforcement of the pledge, SEB shall follow the procedure set forth in Chapter 10, Section 2 of the Finnish Commercial Code (3/1734). Accordingly, SEB is entitled to enforce the pledge unless the claim is paid within one (1) month from the notification to the Customer of the claim having become due. Primarily, the pledge shall be enforced through the Marketplace without endangering the claims of SEB, provided that this procedure is in the interest of the Customer. Upon divestment, SEB shall follow the instructions on the enforcement given by the Customer, if any, provided that this is possible without endangering the claims of SEB.

The Bank may enforce any Securities that cannot be enforced through the Marketplace in the manner it deems best.

3.8 Facilitation of the exercise of shareholder rights

The Bank and the Customer shall enter into possible separate agreements required in connection with brokerage.

4.2 Title to Investment Targets and right of retention relating thereto, derivatives contracts

Title to Investment Targets subject to an order or the sale or purchase price do not belong to the Bank unless it acts as the counterparty to such order or unless the Bank has paid the purchase price on behalf of the Customer.

The Bank has the right of retention to the Investment Targets acquired on behalf of the Customer as collateral for an unpaid sale or purchase price, any tax or administrative fee payable pursuant to Finnish or foreign legislation, the Bank's own fees and any costs or expenses possibly incurred by the Bank in relation to the order as well as for default interest referred to in the Finnish Interest Act (633/1982) or any damage incurred by the Bank. If the Customer fails to pay a matured receivable to the Bank, the Bank is entitled to sell the Investment Targets without further consulting the Customer in the manner considered best by the Bank and on the Marketplace, if possible. The sale price so acquired and any matured proceeds shall be used to repay the matured receivable and compensate for any damage incurred by the Bank. Any remaining funds shall be returned to the Customer thereafter.

The Bank is entitled to close the Customer's derivatives account position either partially or fully with immediate effect without further consulting the Customer, if the Customer has failed to pay, within the fixed time limit, the premium related to a derivatives contract, to place the required or additional collateral, if the Bank's receivables from the Customer have matured and the payment thereof to the Bank has been neglected, or if the Bank has a justified reason to presume that the Customer is not able to fulfill its obligations. In such case, the Bank is entitled to, among other things, buy and sell derivatives contracts and to close the account position prior to its maturity on behalf of the Customer.

4.3 Set-off and netting

If the Bank and the Customer have opposing claims due to intra-day purchases and sales, the Bank is entitled to set off the payment transactions between the Bank and the Customer.

If the Customer becomes insolvent, the Bank is entitled to accelerate and net the Customer's payment and delivery obligations in accordance with the Finnish Act on Certain Conditions of Securities and Currency Trading as well as Settlement Systems (1084/1999). If the Customer is a legal person, the Bank is further entitled to net, in accordance with the Finnish Act on Financial Collateral (11/2004), a receivable owing by the Customer to which a security granted by the Customer relates.

4.4 Custody of the Customer's assets and payment transactions

If the Customer has not opened a deposit account with the Bank, any funds of the Customer in possession of the Bank shall be kept separate from the funds of the Bank on an account with a deposit bank, unless otherwise agreed separately with the Customer in writing.

The Customer undertakes to comply with the rules of the relevant Marketplace and clearing house in connection with making payments and payment transactions.

4.5 Reporting, objections and duty to notify

A Customer other than a Professional Investor and the Bank shall be deemed to have accepted each other's actions if neither Party notifies the other Party that it does not accept the other Party's actions in seven (7) days after becoming aware of the other Party's actions. However, a Professional Investor shall make a complaint to the Bank about its actions immediately after becoming aware thereof.

If the other Party is not notified within the time limits referred to above, the Parties shall be deemed to have accepted each other's actions.

The Customer is deemed to have accepted a conflict of interest after being notified of a potential conflict of interest between the Customer and the Bank or the Customer and the Bank's other customer, unless the Customer makes a complaint to the Bank without delay.

A Party shall notify the other Party in writing without undue delay of any changes to information given to the other Party. Such obligation to notify also relates to matters which may affect the categorisation of the Customer and its treatment as a professional or non-professional customer. The Bank is not responsible for any damage incurred due to a failure by the Customer to inform the Bank of changes to the information referred to above.

5. Other conditions

5.1. Fees and charges

The pricing of the services provided by the Bank pursuant to these general terms and conditions of the customer agreement is agreed separately.

If the price of an individual action has not been determined in the price list, the price has not been separately agreed on or information has not been available in advance, the Bank is entitled to charge to the Customer the expenses incurred by the action together with a reasonable fee.

5.2 Information to the Bank

The person having opened the account, the account holder and those entitled to use the account shall disclose to the Bank their name or trade name, social security number or business identity code, postal code, domicile, including tax residence, and provide a specimen signature and a copy of an approved identification card.

In addition, a Customer which is a legal entity shall provide the Bank with an up-to-date extract from the trade register, foundation register or association register or similar, articles of association or rules and minutes of the meeting of the competent administrative body of the Customer demonstrating decisions on opening a customer relationship with the Bank, entering into an agreement on behalf of the Customer and authorisations given to the representatives of the Customer to take actions for and on behalf of the Customer.

The account holder and the persons authorised to use the account are obliged to inform the Bank of any changes to the above information. If the Bank notices that the structure or size of the Customer's orders, or the size or location of the business, deviates from customary or lacks an evident financial purpose or is incompatible with the financial situation or transactions of the Customer, the Bank shall, with due diligence and in accordance with applicable legisla-

tion, examine the reasons for and purpose of the use of the Bank's services.

If, following the due diligence process referred to above or otherwise, the Bank has reason to suspect the legitimacy of the origin of funds involved in a transaction, the use of such funds to financing of terrorism or abuse of insider information referred to in the Finnish Criminal Code (39/1889), the Bank shall suspend the transaction for further investigation or refrain from the transaction and notify the Finnish Financial Supervisory Authority, the Financial Intelligence Unit or other competent authority thereof without delay as well as provide such authority with any information and documents which may be relevant in order to investigate the suspicion.

If the Bank has reason to suspect market abuse in violation of the Finnish Securities Markets Act (746/2012) or the Market Abuse Regulation ((EU) No 596/2014), the Bank shall notify the Finnish Financial Supervisory Authority or other competent authority thereof without delay.

If refraining from the transaction or its suspension is likely to complicate the identification of the beneficiary of the transaction, the transaction may however be completed, after which the Finnish Financial Supervisory Authority or other competent authority shall be notified thereof without delay. The Bank is not entitled to disclose the making of such notification to the party suspected.

The Financial Intelligence Unit may order the Bank to suspend a transaction for a maximum of ten (10) banking days if necessary due to measures taken by the authorities.

If such replacement is impossible or unreasonably difficult or expensive, the Bank shall compensate the Customer for the current value of the assets at a price as of the time of settlement or as of the time the Customer wanted to dispose of such assets, depending on which time is more favourable to the Customer. Other compensation may also be agreed with the Customer. If the Bank has compensated the Customer for the lost assets or they are found, such assets shall be transferred to the Bank's possession. The Bank is entitled to cancel any lost or destroyed documents.

5.7 Liability of the Customer in case of breach of agreement

sole responsibility of the Customer applies even if the Bank has conducted a suitability and appropriateness assessment on the Investment Target or given investment advice.

5.10 Force majeure

A Party is not responsible for the damage resulting from a force majeure or a similar obstacle unreasonably complicating the actions of the Party, to the extent such damage is beyond the Party's control and the consequences of which the Party could not have avoided with due care.

A Party shall inform the other Party of a force majeure as soon as possible. The Bank may inform of a force majeure for example on its website or in a national newspaper.

The Bank is not responsible for the operations of a Marketplace or damage possibly incurred by the Customer due to a Marketplace. If damage is incurred by the Customer due to the operations of a Marketplace, the Bank shall take reasonable actions to recover compensation from the Marketplace in accordance with its rules. The Bank shall pay the Customer's share of such compensation without delay.

5.12 Amendment of the Agreement

The Bank is entitled to unilaterally amend the terms and conditions of the Agreement and the price list related to the Agreement. An amendment shall enter into force on the first day of the calendar month starting at least 30 calendar days after the date on which the Customer has received, in accordance with these general terms and conditions of the customer agreement, a notification of the amendment in writing, by facsimile or electronically as otherwise agreed. If the Customer does not accept such amendment, it is entitled to terminate the Agreement in accordance with the terms and conditions of the Agreement by notifying the Bank thereof no later than two (2) weeks before the entry into force of the amendment. The termination shall enter into force on the day on which the amendment would have entered into force.

The Agreement is binding on the Parties and their legal successors. The Customer shall not assign its contractual rights and obligations to a third party without the consent of the Bank. However, the Bank may, without the Customer's consent, assign either all or part of its rights and obligations under this Agreement to a member of the SEB Group.

5.15 Termination and cancellation of the Agreement

The Customer is entitled to terminate an Agreement in five (5) calendar days after receipt of a notice of termination by the Bank. Upon termination of an Agreement by the Customer, the Agreement is terminated at the latest in one (1) month after the Customer's Securities held in custody and funds are transferred to the account operator, bank or investment firm instructed by the Customer, and the Customer no longer has Securities in custody at, nor funds held with, the Bank.

The Bank is entitled to terminate this Agreement in one (1) month after receipt of a notice of termination by the Customer. The notice of termination shall be delivered verifiably in writing.

A Party is entitled to annul an Agreement with immediate effect if the other Party:

1. has materially failed to meet its obligations under the terms of an Agreement or has otherwise materially breached the terms of an Agreement; or
2. is placed in reorganisation, liquidation or bankruptcy or if there is other justifiable cause to suspect that the other Party has become insolvent.

Following the notice of termination or cancellation of an Agreement, all pending orders are terminated unless otherwise agreed between the Parties. Pending orders, the execution of which has been initiated, shall be completed and cleared.

The Bank shall transfer the Customer's assets in its possession to the Customer provided that the Customer has first paid to the Bank any receivables owing by the Customer under the terms and conditions of an Agreement.

The Customer shall inform the Bank of the account operator, bank or investment firm to which the Securities shall be transferred upon expiry of an Agreement. If the Customer does not provide such information on the new service provider and does not respond to an inquiry relating thereto, the Bank is entitled to, following the expiry of the notice period or cancellation of an Agreement, liquidate the Securities of the Customer and deposit related funds on behalf of the Customer or transfer the book-entries of the Customer, to the extent possible. The Bank is entitled to retain the amount of Securities that covers the receivables of SEB owing by the Customer.

Other disputes between the Parties shall be settled by the District Court of Helsinki.

The Agreement is governed by the laws of Finland.
