11. Marcus Wallenberg

and new election of:

12. Helena Saxon
13. Sara Öhrvall

all for the period up to and including the Annual General Meeting 2017.

b) The Nomination Committee proposes Marcus Wallenberg as Chairman of the Board.

Helena Saxon was born 1970 and has a Bachelor of Science (B.Sc.) in Business and Economics from the Stockholm School of Economics, Sweden (SSE). She has further completed a Leadership Program at IMD, Lausanne, Switzerland and a Corporate Governance Program at INSEAD, Fontainebleau, France. Helena Saxon has many years of experience from working with financial issues and in companies with financial business. She has completed the two-year Financial Analyst Program at Goldman Sachs and was thereafter for a long period an investment analyst at Investor based in London and Stockholm. Helena Saxon has been the CFO of Synchron International, a Swedish logistics software company, and the CFO of the communication advisor Hallvarsson & Halvarsson. In 2010 she joined Investor as an Investment Manager and since March 2015 Helena Saxon is the CFO of Investor and member of the management team. She has previous experience from board work, including audit committee work, as a Director in among others Gambro, Mölnlycke Healthcare and Aleris. Helena Saxon is now a Director of Swedish Orphan Biovitrum and, in connection with the CFO role at Investor, a Director of certain administrative companies within the Investor Group. Helena Saxon has no shareholding in SEB.

Sara Öhrvall was born 1971 and has a broad academic and professional background. She has a Master of Science (MSc.) in International Economics from the University of Umeå, Sweden, and has completed the Executive Management Program at Duke University. She has further studied Architecture and Interior Design at the Parson School of Design and Philosophy at the New York University. Sara Öhrvall has many years of experience from working with strategic marketing and product development and was a product development manager at Volvo Cars with responsibility for niche cars. She has also been engaged in entrepreneurship within management consulting, particularly in the field of product and service development. Sara Öhrvall was for six years head of the Bonnier AB research and development unit and a member of the group management of Bonnier AB with strategic responsibility for the transformation towards digital products and markets. She is the founder of MindMill Network, a consultancy network active in Innovation and Business Development with a focus on digitalization. Sara Öhrvall has a broad experience from board work and is a Director of Investor, Bonnier News and Bonnier Books, Bisnode and NetOnNet Group. Sara Öhrvall will leave the assignment in NetOnNet Group at the AGM in the company in April 2016. She is also a Director of Vinnova and the University of Umeå and was, among others, previously a

member of the Investment Advisory Board for the Business Lab at the Stockholm School of Economics, Sweden (SSE). Sara Öhrvall has no shareholding in SEB.

16. Election of Auditor

The Nomination Committee proposes re-election of the registered public accounting firm PricewaterhouseCoopers AB for the period up to and including the Annual General Meeting 2017. Should PwC be elected, Authorised Public Accountant Peter Nyllinge will be main responsible.

17. The Board of Directors' proposal on guidelines for salary and other remuneration for the President and members of the Group Executive Committee

The proposed guidelines correspond in all material respects to the guidelines for remuneration approved by the AGM 2015. The remuneration structure is proposed to be based upon three main components; base pay, equity-based remuneration and pension and other benefits. The total remuneration shall reflect the complexity, responsibility and leadership skills required as well as the performance of the individual Executive.

18. The Board of Directors' proposal on Long-term Equity Programmes for 2016

SEB aims to attract and retain committed and competent employees who contribute to the Bank's long-term success. Employee remuneration should encourage high performance, sound and responsible behaviour and risk-taking that is aligned with SEB's values and the level of risk tolerance set by the Board of Directors. It should promote the employees' long-term commitment to creating sustainable value for customers and shareholders. The total remuneration reflects the complexity, responsibility and leadership skills required in each position as well as the performance of the individual employee. Performance is evaluated on the basis of financial and non-financial goals, with SEB's values as a starting point.

Equity-based remuneration is a means to attract and retain staff with key competences in SEB. It is also an incentive for the employees to become shareholders of SEB, which builds and strengthens long-term commitment in the interests of the shareholders.

The Board of Directors proposes that the Annual General Meeting, as for 2015, resolves on two long-term equity programmes for 2016 with the same structure as previous year; an SEB All Employee Programme (AEP) 2016 for all employees in most of the countries where SEB operates and an SEB Share Deferral Programme (SDP) 2016 for the Group Executive Committee, certain other senior managers and a number of other key employees.

The proposed programmes allow for risk adjustment for current as well as future risks. The final outcome may therefore be cancelled partly or entirely in accordance with regulations, among other things taking the Bank's result and capital and liquidity required in the business into account.

a) SEB All Employee Programme 2016

SEB All Employee Programme 2016 is a programme for all employees in most of the countries where SEB operates. 50 per cent of the outcome is paid in cash and 50 per cent is deferred for three years and paid in SEB A-shares in Sweden and in cash adjusted for the SEB A-share's Total Shareholder Return (TSR) outside of Sweden. The shares/cash deferral will normally be lost if the employee leaves SEB before the end of the three year period. The individual maximum allotment is proposed to be capped, in Sweden at SEK 75,000 (SEK 55,000 for the 2015 programme), and the outcome is based on the fulfilment of pre-determined Group targets, the financial targets (i) return on equity and (ii) cost development and the non-financial target (iii) customer satisfaction. Outcome is subject to a proposal at the Annual General Meeting 2017 on dividend distribution to the shareholders for 2016.

b) SEB Share Deferral Programme 2016

The GEC and certain other senior managers and a number of other key employees, approximately 2000 participants in total, are granted an individual number of conditional share rights based on the fulfilment of pre-determined Group, business unit and individual targets outlined in SEB's business plan. The targets are set on an annual basis as a mix of the financial target Return on Equity/Return on Business Equity, cost development as well as on e.g. customer satisfaction and parameters such as compliance, employee commitment, SEB's corporate sustainability and risk. For GEC the initial allotment may not exceed 100 per cent of the base pay.

For GEC and other senior managers ownership of 50 per cent of the share rights are transferred to the participant after a qualification period of three years, 50 per cent after a qualification period of five years. For other participants ownership of the share rights are transferred after three years. After each respective qualification period there is an additional holding period of one year after which the share rights can be exercised during a period of three years. Each share right carries the right to receive one Class A-share in the Bank. For participants outside of Sweden the outcome is deferred as above referred and paid in cash adjusted for the SEB A-share's total shareholder return.

There is a requirement for vesting that the participant remains with SEB during the first three years. A further requirement is that the participant holds shares in SEB equal to a pre-determined amount, for GEC equivalent to one year salary net of taxes, acquired no later than during the initial three year vesting period.

The maximum number of shares that can be transferred under the programmes is 14.1 million. The calculated expected outcome is approximately 9.5 million shares. The maximum number of shares under the programmes equals approximately 0.64 per cent including and 0.38 per cent excluding the SEB All Employee Programme (expected outcome equals approximately 0.44 per cent including and 0.32 per cent excluding the SEB All Employee Programme) of the total number of shares in the Bank.

The *maximum* annual charge for the deferred part, i.e. shares and cash adjusted for TSR, of the AEP that may affect the profit and loss account is SEK 155m, out of which SEK 34m is

related to social charges. The annual charge to the profit and loss account for the *expected* calculated outcome under the programme is estimated to SEK 66m, out of which SEK 14m is related to social charges. The expected aggregated charges during the total programme period in the profit and loss account are SEK 264m.

The *maximum* annual charge for the SDP that may affect the profit and loss account is SEK 230m, out of which SEK 53m is related to social charges. The annual charge to the profit and loss account for the *expected* calculated outcome under the programme is estimated to SEK 195m, out of which SEK 45m is related to social charges. The expected aggregated charge during the total programme period in the profit and loss account is SEK 785m.

The maximum calculated annual charge is based on the assumptions that the price of the SEB Class A-share is SEK 85 and that no participant is leaving SEB during the employment requirement period.

Furthermore, it should be noted that should the SEB share price increase from the assumed SEK 85 the increase in maximum calculated annual charge will be approximately SEK 3m for every SEK in increase. The part of the programmes that will be settled in cash will create a higher volatility in the Income statement since the change in the share price is reported when it occurs.

The expected annual charge in the profit and loss account for the two programmes is equivalent to approximately 1.8 per cent of the total annual staff costs in the SEB Group.

19. The Board of Directors' proposals on the acquisition and sale of the Bank's own shares

The Board of Directors proposes that the Annual General Meeting decides mainly as follows:

a) Acquisition of the Bank's own shares in its securities business

Pursuant to statutory law, trading in own shares in the Bank's securities business is subject to the Annual General Meeting's resolution. The Board of Directors therefore proposes that the Annual General Meeting resolves that the Bank shall be allowed to purchase shares in the Bank in its securities business on a regular basis during the time up to and including the 2017 Annual General Meeting in accordance with Chapter 7, Section 6 of the Securities Markets Act (lagen (2007:528) om värdepappersmarknaden) up to a number not exceeding 1.2 per cent of the total number of shares issued at each time in the Bank. The price of the shares purchased shall be the market price prevailing at the time of acquisition.

b) Acquisition and sale of the Bank's own shares for capital purposes and for long-term equity programmes

The Board of Directors proposes that the Annual General Meeting resolves to authorise the Board of Directors to decide on the acquisition and sale of the Bank's own Class A-shares and/or Class C-shares for capital purposes and for the year 2016 and previous years' long-term equity programmes mainly as follows.

Acquisition of shares shall exclusively take place on NASDAQ Stockholm at a price within the price interval at any time recorded, and this shall refer to the interval between the highest buying price and the lowest selling price. Sale of shares may be made on NASDAQ Stockholm or outside NASDAQ Stockholm, with or without deviation from the shareholders preferential rights and with or without stipulations on contribution in kind or right of offset. The shares may be used as consideration for acquisitions of companies or businesses or in order to finance acquisitions of companies or businesses. The authorisation may be utilised on one or more occasions, however not longer than until the 2017 Annual General Meeting. The Bank may purchase at the most so many shares that the Bank's holding of own shares, including the Bank's own shares in the securities business, not exceeds 10 per cent of the total number of shares in the Bank.

c) Transfer of the Bank's own shares to participants in the 2016 long-term equity programmes

The Board of Directors proposes that the Annual General Meeting resolves that a maximum number of the acquired Class A-shares in the Bank, corresponding to the number of shares to be delivered under the 2016 long-term equity programmes may be sold/transferred to the participants under the programmes who are entitled to acquire/receive shares. Each and every participant has the right to acquire/receive a maximum of the number of shares that follows from the terms and conditions of the programmes respectively. The right may be exercised in the periods established under the programmes.

20. The Board of Directors' proposal for decision on authorisation to the Board of Directors to issue convertibles

The Board of Directors proposes that the AGM authorises the Board of Directors to resolve on the issuance of convertibles as set out below:

1. The authorisation may be utilised on one or several occasions prior to the AGM in 2017.
2. The issuance of the convertibles shall be made with deviation from the shareholders' pre-emption rights; see also 5 below.
3. The convertibles shall mandatorily convert into Class A shares under the conditions stated in the terms and conditions of the convertibles, but not be convertible at the option of the holders.
4. Loan amounts and conditions for conversion shall be set so that the total number of shares which may be issued upon conversion of convertibles, by virtue of this authorisation, may not exceed ten (10) per cent of the total number of shares in the bank at the time of issuance of the convertibles.
5. The Board of Directors shall resolve on all other terms and conditions for issuance according to this authorisation. The terms and conditions of the convertibles will include a provision according to which the shares issued upon conversion shall be offered for sale with preferential rights for the shareholders to buy such shares at a price corresponding to the conversion price.

The President shall be authorised to make such minor adjustments to this decision that may be necessary in connection with the registration.

The purpose of the authorisation is to create flexibility for the Board, if and when deemed necessary, to resolve on the issuance of subordinated convertible loans that qualifies as Additional Tier 1 capital, and thereby adapt the Bank's capital structure to new regulatory capital requirements with respect to the capital base. The convertible loans would be mandatorily converted to shares under certain pre-determined conditions in a potential future financially distressed situation for the Bank.

Under the new regulatory capital framework that came into force 1 January 2014, banks have been subject to higher capital requirements overall. In addition to share capital, certain types of subordinated debt instrument may be included in the capital base. Such instruments need to be able to absorb losses in a going-concern situation. Under the new framework a subordinated loan must, in order to be eligible for inclusion as Additional Tier 1 capital in the capital base, contain conditions to the effect either that the loan shall be converted into shares or written down if a predetermined trigger event occur, for example that the Bank's Common Equity Tier 1 ratio falls below a certain level. For reasons relating to P&L volatility, tax and general costs, the most efficient alternative for loss absorption is to issue an Additional Tier 1 instrument that converts into shares. An issue of such a convertible loan can only be made in accordance with the rules of the Swedish Companies Act on issuance of convertibles. Under the new and prevailing regulatory regime, flexible capital management and optimisation is helped if the tool box include the possibility to issue convertible subordinated debt and i.e. if the Board of Directors has been given a mandate to decide on issuance of Additional Tier 1 instruments with conversion into shares.

Additional Tier 1 instruments with a mandatory conversion are likely to meet investor interest mainly from international institutional investors. It is therefore proposed that the Board of Directors should be allowed to deviate from the shareholders' preferential right in conjunction with such an issue.

23. Shareholder proposal to amend the Articles of Association

The shareholder Thorwald Arvidsson proposes that in Article 6 of the Articles of Association two additional sections are added as follows:

"A former member of the cabinet may not be appointed as Director until two years have passed from the date when such person has left the appointment as member of the cabinet.

Other politicians, paid full-time by the public, may not be appointed as Directors until one year has passed from the date when such persons have left their appointments, unless there are particular reasons."

Majority rules

There are requirements for resolutions to be passed in accordance with the Board of Directors' proposals under items 12, 19 a) and b) and 20) that the resolutions of the meeting

are supported by shareholders representing at least 2/3 both of the votes cast and of the shares represented at the meeting. There is a requirement for a resolution to be passed in accordance with the Board of Directors' proposal under item 19 c) that the resolution of the meeting is supported by shareholders representing at least 9/10 both of the votes cast and of the shares represented at the meeting.

There are requirements for resolutions to be passed in accordance with the shareholder proposals under item 22 that the resolutions of the meeting are supported by shareholders representing more than half of the votes cast. There is a requirement for a resolution to be passed in accordance with the shareholder proposal under item 23 that the resolution of the meeting is supported by shareholders representing at least 2/3 both of the votes cast and of the shares represented at the meeting.
